- 3.30 Dismissal

PRINCIPAL'S REPORT

This Friday is 'World Teacher Day'. I would ask you to join with me to thank and acknowledge the outstanding contribution our staff across our three schools, some 41 staff, who make a difference on a daily basis in the lives of your children.

The Daylesford PS KG recipe book has arrived. 'Grow Cook Eat' is a delightful publication. At \$29.95 it would make an excellent Christmas present. They can be purchased from the DPS Office.

Peter Burke

SWISS-ITALIAN FESTA

Please find attached a note re Help Needed for the Swiss-Italian Festa Polenta and Napoli sauce food stall.

Could you **please** return this form by Monday 28th October, so that School Council will know what help is available.

It's almost Swiss & Italian Festa time and the children have been busy preparing! The theme is **GOLD(ORO)**.

Please try and keep these dates free.

Students are making gold masks for the Grand Parade. This is on Saturday 2 Nov. We will meet at 10.00 at the Savoia Hotel Carpark in Hepburn Springs. The Parade commences at 10.30. Please come along and support your school and community in this wonderful event. We need lots of families and students to carry banners and flags. Masks and costumes are encouraged. Students are performing an "Italian Rap" show, so costumes to suit the Rap – HipHop Style would be great.

All students have entered the Pinocchio drawing competition. Winners will be announced at the School concert after the Grand Parade. Saturday 2 Nov.

Grazie Mille for your support
and we look forward to seeing you at these events
Signora Trudi

BOOKCLUB

Book Club was ordered today and will arrive to be distributed by Friday 1st Nov.

CAN YOU SPARE...

Air Pollution and Asthma

School age students and young children with asthma can often have breathing difficulties when exposed to air pollution. Air pollution can occur:
Outdoors – smog (made up of nitrogen oxides and ozone), bushfires, cigarette smoke.
Indoors – formaldehydes/resins (some building materials), volatile organic compounds (found in paints, furniture, cleaning products), cigarette smoke, poorly maintained gas appliances.
The most important way to reduce the impact of air pollution on your child's asthma to avoid the pollutant completely if possible.

- **Stay indoors on high smog days, close windows and external doors**
- **Make sure you have a bush-fire plan if you live in a bushfire prone area**
- **Make sure your child's asthma is well controlled and that you and your child know what to do if their asthma gets worse**
- **Make sure your gas appliances are serviced regularly by a registered or licensed gasfitter and that there is adequate ventilation in rooms containing gas appliances**
- **Choose building items, furniture, paints and wood items that are certified to emit low levels of formaldehyde and volatile organic compounds.**

For more information about air pollution and asthma, contact The Asthma Foundation of Victoria on 1800 ASTHMA (278 462) or visit www.asthma.org.au.
