Our cabins at camp were so luxury. There were ten beds in each cabin except the first one – it had I think five.

The one with the least beds has a bathroom, the others don’t.

There is a hard floor made of concrete with carpet on top. I tried jumping off the ladder and hurt my feet. There are hooks on the walls and large windows.

Cave Hill Creek Low Ropes by Taylor
On the second day of camp we went to a rope course. I was in a group with Anouk and Alice.

We went across a wobbly bridge and then we went across a tightrope. And then I went across a log with rope on both sides and then Anouk went across two pieces of wire.

The ropes course was scary but fun.

If you have any broken appliances that the children can deconstruct – they provide fabulous learning opportunities.

Wanted for Art Display: Washed and cut 3ltr milk bottles. Please see Dianne for details.
